## Summary

I've been working with software development for 5 years, most of that time as a self-employed, helping small and medium-sized companies in my region to leverage their procedures and visibility, developing tools such as web systems, websites and mobile applications.

Passionate about programming, I keep my focus on learning to always collaborate with the amazing universe of technology.

## Experience

### Back End Developer

Wipro

Oct 2021 - Apr 2022 (7 months)

### IT Support Technician

Instituto Brasileiro do Meio Ambiente e dos Recursos Naturais Renováveis - Ibama

Jan 2021 - Sep 2021 (9 months)

- Provision of support services for civil servants.
- Maintenance and configuration of network equipment, operating systems (Windows and Linux) and PCs.

### Full Stack Engineer

Devplus Desenvolvimento de Software

Feb 2020 - Jan 2021 (1 year)

- Designed and built a PWA system from scratch to manage a hospital loyalty card. The technologies utilized are Angular, Node and Typescript. There are currently over 5,000 registered patients in the back-end.
- Built over 20 websites using Wordpress and Angular. Among these are an e-commerce to sell excursion tickets, and a drop shipping e-commerce.
